

Keep NJ's DO NOT CALL as it is...we like the protection afforded to us and is superior Nationwide. Since I have taken the time and made the effort to be placed on both the national as well as the state do not call list I resent an legislation that wants to weaken any part of this legislation. I'm on both of these lists because I DO NOT WANT CALLS FROM TELEMARKETERS at any time or for any reason. I love the fact that those calls I do get I can tell the telemarketer I am on the do not call list and will report them for violating my right not to be disturbed by telemarketing. In other words...the telephone in my home is for my convenience and my personal use..and it does not include receiving telemarketing calls that I have registered NOT to receive.
